Unwrap the Unassuming..and receive the greatest gifts of your life!

December 23, 2015, written by katie

So, some of you have asked for more of my story. And now that's it's Christmastime, I've giving you more...

But, here's what I want you to know...it's not mine at all. **My story is HIS story.** Just like yours, He

has created and crafted every unassuming, ugly, risky and lovely gift I've ever recieved as a part of my little ole' life.

I hope you enjoy this Christmas rendition of how I feel God gives us all kinds of gifts to make us into more of who HE wants us to be.

Plus, yeah, I'm finally sharing a little more about how my resistant mind transitioned from receiving the 'gift' of grief to the utter surprise party of new beginnings!

Merry Christmas!
