

Family Team Contract

Families are amazing blessings! They are like teams with each member offering a unique personality and special roles to play as a part of the whole family. **We are the _____ Family Team.** Families work best when all the team members work together. Each member supports one another, loves one another, encourages one another and serves the family team. By doing these things, families please God and learn to shine His light into the world around us. When we follow Jesus in our home, it strengthens and prepares us to follow Him when we are not home as well.

This is a special Family Contract to help us work together as a team and grow into God-pleasing people. Please initial next to each point showing that you understand and agree to it.

____ I understand that being a part of a family means I am an important and unique part of the loving, supportive team God gave me. No one else has my family and no one else is just like me!

____ I understand that I have special jobs and responsibilities to my family so things run smoothly in our home. When I don't do my jobs, part of the family is broken.

____ I understand that God gave me parents to obey and honor. They are the head of our team AFTER GOD. My parents follow God and His Word and I am to obey and honor God and my parents.

____ I understand that I can learn to follow Jesus better by serving others and by showing His love to others, just like Jesus did in His life. And the best place to start serving is in my home because serving at home gives me lots of practice for serving others outside of my home.

CHORE AGREEMENT

____ I agree to do special chores assigned to me by my parents each week as a way to help and serve my family.

____ I understand that NOT doing my chores will cause there to be a broken part of the team, it will make things more difficult for other members of the family and it is an act of disobedience and disrespect to my parents.

____ I understand that I can strengthen our family by completing my chores and helping around the house cheerfully.

____ I understand that I can earn an allowance of \$____ each week if I complete my chores with a cheerful attitude. I do not do my work only for allowance, but it is one way I can learn to work hard and manage the blessing of money.

____ I understand that I may not earn my full allowance or any allowance at all each week if I do not complete my chores completely, carefully and cheerfully.

____ I understand that the amount of allowance I earn (up to \$____) is a result of my attitude and the effort that I put into my work. I will not rush through my work but instead will complete it 100%.

____ My goal is to complete my special jobs without being asked several times by Saturday afternoon each week.
